Tentang Kami

About Us

PT. Aksi Merdeka Mandiri (AMM) bertujuan untuk mengoptimalkan kompetensi alumni SMA/SMK dengan cara pelatihan efektif yang beradaptasi dengan perkembangan teknologi dan kebutuhan pasar.

PT. AMM bekerjasama dengan beberapa stakeholders untuk mengembangkan pendidikan karakter dan semangat juang untuk menghasilkan SDM berintegritas, profesional dan menumbuhkan jiwa kewiraswasta sehingga para pelajar bisa menjadi pengusaha di bidang RHVAC.

PT. Aksi Merdeka Mandiri (AMM) sought for solutions and opportunities for underprivileged and unemployed teenagers to break free from the cycle of poverty. We are working with various partners in different regions, giving students the opportunity to develop themselves by providing training that includes renewal mindset, character, and skills that are tailored to each individual passion.

One of the option we have and sought for is through a cooling technique training, thru a continuous development so at the end of their journey, each of the students will have the courage to pursue their entrepreneurial journey in the field of RHVAC. This will create jobs by linking local companies and entrepreneurs, and evolved into a business model that advance education, working and economic opportunity for children and communities around Indonesia.

Our Values: 5 C (Care, Cool, Clean, Clear & Continuity)

Vision

Mewujudkan 3000 teknisi RHVAC handal yang mengikuti perkembangan teknologi dan siap mandiri serta berwirausaha di bidang RHVAC sehingga membawa perubahan yang berdampak positif bagi masyarakat di seluruh Indonesia.

page 01

Mision

To Build 3000 Reliable RHVAC Technicians that are well-aware of the technological innovations, independents and have the entrepreneurial spirit in the field of RHVAC, thus in turn will bring a positive changes to Indonesia as a whole.

Membina alumni SMA/SMK mengoptimalkan potensi diri dengan cara berkolaborasi dengan industri, politeknik berjurusan RHVAC dan pemerhati sosial visioner..

Membuka peluang pendidikan lanjut.

To Develop Vocational & High School Graduates to make the most of their potential by collaborating with Industry practitioners, Polytechnic School that majored in RHVAX, and Social Cause visionary.

To Provide a chance for further education and university for the marginal groups.

Kualifikasi Kami

Our Qualification

Best Non-Profit
2017 Finalists

Sebagai alumni anak panti asuhan, Bpk. Martinus berhasil menyelesaikan penelitian S3 dari Universitas Negeri Jakarta jurusan Manajemen Pendidikan. Hasil penelitian menjadi dasar filosofi pendidikan Yayasan Prima Unggul yang beliau dirikan dan mempunyai visi untuk mewujudkan 10.000 wiraswasta dari Panti Asuhan dan Keluarga sederhana.

Bpk. Martinus menerima penghargaan Community Engagement Award dari komunitas Aksi Sinergi untuk Indonesia tahun 2013 dan mengantar Yayasan Prima Unggul menjadi Finalis the Best Non-Profit dan Marketing Campaign di Business Excellence Forum (BEF) Asia Pacific 2017 di Gold Coast, Australia.

Proses Perekutan, Pendidikan dan Pelatihan :

Tahap pertama, sosialisasi publik visi dan misi AMM di berbagai lokasi di Indonesia dengan menggunakan brosur, seminar, kunjungan institusi dan media sosial. Bagi kandidat yang terpilih dari beberapa daerah ini akan melalui latihan intensif selama 3 bulan yang disiapkan oleh Yayasan Aksi Merdeka (YAM).

Tahap kedua, para kandidat akan mendapat pelajaran teori dan praktik teknik RHVAC selama 3 bulan di Politeknik jurusan RHVAC.

Tahap ketiga, PT AMM akan memberikan pelatihan lanjutan selama 2,5 tahun dengan menempatkan para pelajar di pekerjaan-pekerjaan RHVAC yang membuat mereka bisa menjadi teknisi ahli di bidang RHVAC.

As an alumni of the orphanage, Mr. Martinus successfully completed his PhD at Jakarta State University and majoring in Management Education. As the results of his research, He became more aware and use this as the educational philosophy of Yayasan Prima Unggul, which he founded and has the vision to create 10,000 entrepreneurs from the orphanage and underprivileged family.

Mr. Martinus is the recipient of the Community Engagement Award from Aksi Sinergi Indonesia Indonesia in 2013. He also helped Yayasan Prima Unggul to become the Finalist of Best Non-Profit and Marketing Campaign at the Business Excellence Forum (BEF) Asia Pacific 2017 in Gold Coast, Australia.

Our Recruitment, Learning, and Training follows the following process:

The first stage is by public socialization thru partners in various region. Though brochures, hosting seminars, school visitations and communities. Chosen candidates will follow our comprehensive intensive training for 3 months that us prepared by Aksi Merdeka Foundation.

The second stage, each candidates will received lesson and techniques on RHVAC that is provided and implemented by State Polytechnic.

The Third Stage, PT. AMM will provide RHVAC intensive training for 2.5 Years so the students can become an Expert as RHVAC Field Technician.

Partner Industri Kami

Our Industries Partners

Teknisi Handal & Karakter Yang Baik Itulah Kami

Sejak dari Bulan Desember 2016, PT. Aksi Merdeka Mandiri (AMM) telah meluluskan beberapa batch pelajar dari partner sekolah Politehnik kami di Bali.

Kami dari PT. AMM bangga akan komitmen kami dlm menyediakan jasa yg berkualitas & bertanggung jawab kepada klien kami. Setiap lulusan dari PT. AMM telah berhasil menyelesaikan pelatihan menyeluruh yang intensif dari rekan sekolah Politehnik dan OJT.

As of December 2016, PT. Aksi Merdeka Mandiri (AMM) has completed several batch of graduated students from our partner polytechnic school at Bali.

At PT. AMM, We take great pride in our commitment to provide quality services to our clients. Each graduates from PT. AMM have completed comprehensive intensive training from our partner polytechnic school and OJT.

Ciri khas PT. AMM adalah bukan hanya menciptakan teknisi yang handal namun juga menciptakan teknisi yang punya karakter jujur, disiplin, tanggung jawab, ramah dll

Kualitas Kami

Our Quality

Bidang jasa utama kami difokuskan kepada pelayanan A/C Wall Mounted, dan dilengkapi dengan pelayanan tambahan seperti Instalasi AC Indoor / Outdoor, Pembersihan, Jasa Maintenance seperti Oil Filter, Test dan Commisioning.

Sesuatu yang besar hanya datang dari kemitraan yang besar. PT. AMM telah menyediakan layanan A/C untuk beberapa perusahaan berikut :

At the present time, our main service solely focus on Wall Mounted A/C, with detailed services that range from A/C Indoor/outdoor installation, cleaning, preventative maintenance, such as Oil & Filter Change, trouble shooting, test and commissioning.

Great work can only come from great partnerships. Here are just a few of the amazing clients that allow us to come to work every day and push our boundaries. PT. AMM have provide A/C services to the following companies :

Pelanggan Kami

Our Customer

Aplikasi AMM

Mobile App

Munculnya teknologi aplikasi selular telah membuka dunia baru bagi pelanggan dan spesialis AC.

Aicool, sebagai mitra dan industri pendukung kami akan memungkinkan pelanggan untuk memesan layanan RHVAC melalui aplikasi selular mereka, sehingga akan membantu memperbesar pasar dan klien yang dilayani oleh PT. AMM

The rise of mobile technology and mobile apps has opened up a new world of possibility to heating and air conditioning customers and specialist.

Aicool, as our supporting industries partners will enable its customers to order RHVAC services via their mobile apps, thus in turn, will also help enlarge the market and client based for former students and participants at PT. AMM.

“

Kontribusi Lanjut

Continous Contributions

Kami yakin melalui proyek kami, hal ini akan mendukung tujuan pembangunan berkelanjutan terkait dengan penghapusan kemiskinan, penciptaan lapangan kerja, dan memupuk pemimpin masa depan yang mempunyai semangat untuk menjadi seorang pengusaha di bidang RHVAC.

Untuk menyebarkan kesadaran proyek ini, PT. AMM telah menyelesaikan beberapa seminar dan pelatihan di beberapa sekolah kejuruan di Ndona, Ende, Samosir, Singaraja, & Pondok Pesantren Walisanga di Nusa Tenggara Timor

We firmly believe that thru our project, it will support sustainable development goals related to elimination of poverty, job creation, & nurturing future leaders who are passionate about being an entrepreneur in the field of RHVAC.

To spread the awareness of our project, PT. AMM have completed several seminar and training at multiple vocational schools in Ndona, Ende, Samosir, Singaraja, & Pondok Pesantren Walisanga at Nusa Tenggara Timor.
